

From the Desk of Editor-in-Chief

It gives me immense pleasure and proud privilege to announce the publication of first issue of MIDSAR journal of Dental research. The Journal is a double peer reviewed journal especially for the dental research. First of all I would like to give my sincere thanks to the management of the institute for their constant support and faith on us. I would also like to thank all the authors for their support and submission of valuable research articles. I acknowledge the sincere efforts of members of editorial board for their untiring and dedicated approach.

I would also like to inform all the editorial board and authors regarding plagiarism which is currently an important issue in publication. Hence due precautions should be taken by the authors in not copying others research work. The authors should also get clearance from institutional ethical committee along with patients consent while submitting articles.

I wish best of luck to the whole team of the journal for its success in future.

Dr. Suresh S. Kamble
Principal,
MIDSAR Dental College, Latur
