# From the Desk of Editor-in-Chief

With immense pleasure I would like to announce that we are publishing the Volume 2 Issue 2 Supplement 1 of MIDSAR Journal of Dental Research after the successful publication of complete volume one. *“Everything is possible when you have right people to support”* I would like to extend my heartfelt thanks to the authors and our management for their constant faith in me and their utter support in this hard time of corona pandemic.

The Volume 2 Issue 2 (Supplement 1) has been created with the great efforts of providing the quality manuscripts rather than the quantity, the volume contains knowledge, anxiety, infection control, attitude and practice during the recent pandemic of Covid 19. This supplement also provides management of patients and precautions to be undertaken during Covid 19 pandemic while dealing with patients in various departments. Also it enlightens the clinical presentations of mucormycosis and other oral mucosal lesions associated with Covid 19. It also highlights about the awareness of proper use of masks and gowns during clinical practice.

I dedicate this issue to all the faculty members of MIDSAR Dental College, Latur who immediately responded to the call for manuscripts and submitted their valuable work to the Journal.

**Dr. Suresh S. Kamble**  
**Principal,**  
**MIDSAR Dental College, Latur**
