

From the desk of Editor-in-Chief

With immense pleasure I would like to announce that we are publishing the Volume 05 (Issue 01 – Jan - Jun 2023) of MIDSAR Journal of Dental Research after the successful publication of three volumes. *“Everything is possible when you have right people to support”*, I would like to extend my heartfelt thanks to the authors and our management for their constant faith in me and their utter support.

The Volume 05 (Issue 01- Jan- Jun 2023) has been created with the great efforts of providing the quality manuscripts rather than the quantity, the volume contains case reports on clinical approach in the endodontic treatment of Maxillary Third Molar with MB2 canal and bifid root with mandibular first premolar. Also, review articles on Evaluation of Bupivacaine, Orthodontic Pain Management, Revolution of Artificial Intelligence and Benefits of Smileloc Abutment System.

I dedicate this issue to all the faculty members of MIDSAR Dental College, Latur who immediately responded to the call for manuscripts and submitted their valuable work to the Journal.
