# From the Desk of Editor-in-Chief

With immense pleasure I would like to announce that we are publishing the Volume 06 (Issue 01 – Jan - June 2024) of MIDSAR Journal of Dental Research after the successful publication of four volumes. *“Everything is possible when you have right people to support”*, I would like to extend my heartfelt thanks to the authors and our management for their constant faith in me and their utter support.

The Volume 05 (Issue 06- Jan- June 2024) has been created with the great efforts of providing the quality manuscripts rather than the quantity, the volume contains original article on Efficacy of Herbal Mouthwash in Maintaining Gingival Health in Patients Undergoing Orthodontic Treatment, case reports on Orthodontic Extrusion of Traumatized Anterior Teeth by Simplistic Approach Also, review articles on Archwire Sequencing for Different Bracket Systems A Clinical Guide for Fixed Orthodontic Treatment.

I dedicate this issue to all the faculty members of MIDSAR Dental College, Latur who immediately responded to the call for manuscripts and submitted their valuable work to the journal.
